MIX & MATCH MANDALAS

This appendix shows the color placement for all mandalas in the book *Mix & Match Mandalas* by Esther Dijkstra. The book contains 9 mandala patterns, divided over 3 sizes.

Each of the three small mandalas can be made according to the patterns.

-  Small Mandala I
-  Small Mandala II
-  Small Mandala III

To make one of the medium mandalas, start with a small mandala of your choice, but do not attach it to the ring. Instead, continue with one of the 3 medium mandala patterns. You can combine the small and medium mandalas to create 9 different combinations. For example, Small Mandala I combined with Medium Mandala II looks different than the combination Small Mandala I with Medium Mandala III. The medium mandalas are attached to a 25 cm ring.

-  Small Mandala II & Medium Mandala III
-  Small Mandala III & Medium Mandala I
-  Small Mandala III & Medium Mandala II
-  Small Mandala III & Medium Mandala III

The same goes for making the large mandalas, first you make a medium mandala that consists of a small mandala with an extension to a medium mandala. Finally you make the large mandala by choosing one of the 3 large mandala patterns. It is possible to make up to 27 different combinations with the small, medium and large mandala patterns. The large mandalas are attached in a 40 cm ring.
